DELPHINIUMS

Genuine Blackmore & Langdon Delphiniums grown from seed imported by Malmo & Co. direct from these famous hybridizers. Marvelous colors, form and size. The world's finest Delphiniums within the reach of all.

Each 15c

Per Dozen \$1.48

(Not Postpaid)

MALMO & CO.

Marvelous Showing of

Ornamental Evergreens, Flowering Shrubs, Shade Trees, Fruit Trees, Small Fruit, Perennials and Roses

There is a vast difference between plants or shrubs propagated by skilled nursery experts and the ones that are just stuck in the ground as seedlings and never touched or cultivated until marketable size, and then sold to you "as is" by irresponsible dealers.

Every plant, tree or shrub in the Malmo & Co. nurseries has been cared for by scientific hands until perfection has been attained. All culls and weaklings are thrown out and burned. Only by frequent transplanting and proper pruning are Malmo & Co. healthy, strongly rooted, perfectly shaped trees and shrubs developed.

At no time in the history of Malmo & Co. have the nurseries been so completely filled with such a wide variety of nursery stock.

Ninety Acres of Living Beauty

Come in person to the Malmo & Co. nurseries. Choose from more than a million rare trees, shrubs and plants offered at the lowest prices ever known for highest grade nursery stock. Fill your auto with choicest selections and save shipping cost.

Every tree or shrub securely packed in clean burlap, so as not to soil your car.

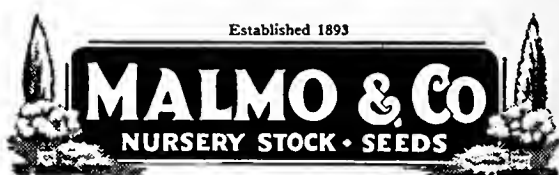

The following additional special fall prices lists will be mailed to you soon:

Fruit Trees, Small Fruits, Perennials

Roses. Including many new varieties offered for the first time on the Pacific Coast.

Sweet Peas. Including new introductions for 1934.

**Ornamental Evergreens, Flowering
Shrubs, Shade Trees, Vines and
Creepers.**

PHONE GLENDALE 3000

SEATTLE, WASHINGTON

February 1, 1933

Mr. D. N. Shoemaker
U. S. Department of Agriculture
Washington, D. C.

Dear Sir:

As receiver for Malmo & Co., acting under orders of the Superior Court, I am preparing to sell the entire stock of the oldest, largest nursery and seed house in the Pacific Northwest. Creditors with claims totaling almost a quarter million dollars are clamoring for their money, demanding, if necessary, a drastic sacrifice of all assets, to speed payment.

Following court instructions the nursery staff, under my personal direction, inspected, catalogued and repriced the more than a million trees, shrubs, plants and perennials in the vast Malmo nurseries.

The sharply reduced schedule of prices, approved by the court will make your dollar do more than double duty. It will be the most exciting nursery stock sale ever held with prices the lowest ever quoted for highest quality products.

A special sale catalog, giving full details, is mailed you, under separate cover. Please read it carefully, checking as you go the things you would like to have, keeping in mind always the superior quality and character of Malmo & Co. hardy, acclimated stock specially adapted to this region. All former customers of Malmo & Co. are being offered first choice in selection with an extra special discount from the catalog price on all orders reaching us on or before the beginning of a grand public sale on March 15. Selections may be left in the nursery subject to your order - to be shipped or called for when most convenient for you.

Enclosed you will find an "Old Customers" card, issued by the receiver, which entitles you to an extra special discount of ten (10) percent below the catalogued sale prices on all purchases or reservations made before March 15, 1933. This card is not transferable. However, on your recommendation we will gladly issue cards to your friends or neighbors whom you would like to have share in this unusual opportunity.

Please bring the card with you. In ordering by mail give card number. Mail orders will not only receive prompt attention but my personal assurance that selections made for you will be satisfactory and fully guaranteed.

Sincerely,

E.C.S. - R.F.D.

EARL C. SCOTT, Receiver.
